The Islamic State's campaign of destruction is also a form of terrorism. By Ben Kiernan For almost a year, the Islamic State in Iraq and al-Sham (ISIS) has directed a stream of suicide car bombs, rocket-propelled grenades and assault guns against its enemies—reluctantly at first and, lately, with growing confidence—beyond the battlefield of Syria and Iraq to neighboring countries. The group has since the summer of 2014 been systematically targeting Sunni mosques and shrines, and its use of suicide car bombs has increased. Before August 2015, it had not shown the same degree of ideological or geographic ambition; rather, it has grown out of its origins as an insurgent

But I had to turn off my firewall to be able to use it. Vincent from US: January 14, 2012 This software has been very helpful in the course of my ICSE 2009 preparation and presentation. This is a great way to view the slides of the presentations before hand. Andrei from US: October 28, 2010 I've been looking for a tool like this for a long time! But it's always come in a form of a plugin for a browser which meant that I had to open a new window and also I had to use IE. A perfect presentation to download the slides is quite difficult if you use any other browser. Now I just have to wait for IE and the IE plugin to update and I will be set. Graeme from US: October 12, 2010 Having a much larger presentation deck will surely help you recall more. You can also look at the presentation before your conference.
